HORIA BABES

[redacted] telephonically advised me at the above-mentioned time that a Mr. ~~Babes~~, first name unknown to [redacted] who was formerly an employee of the [redacted] at Washington, D. C., had submitted his resignation several days prior to the declaration of war.

Babes, who resides at 2120 Sixteenth Street, N.W., Washington, D. C., now desires to secure from the [redacted] certain personal effects, including a desk with a glass top, and a few other things. [redacted] advised that the [redacted] desires to accede to Babes' request, however the [redacted] desires the FBI Agents to examine these effects when they leave the [redacted] with a view to determining whether anything is contained in this personal property of Babes' which is of interest to the U. S. Government. [redacted] remarked he would advise Babes by telephone of this examination which was to be made by the FBI, and would request Babes to call at the FBI Washington field office before going to the [redacted]

I immediately communicated the above information to Special Agent [redacted] of the Washington field office, and requested that the matter be handled.

While talking to me about another matter, [redacted] telephonically advised that the [redacted] had raised the following two points:

1. Could [redacted] [redacted] pack some of [redacted] personal effects and sent them to him at Greenbrier. [redacted] stated that if the FBI had no objection the [redacted] did not and had so advised [redacted]

HORIBABES

2. Could the five trunks now at the [redacted] belonging to Mr. Babes, [redacted] be sent to him at his home.

With reference to the first point, I stated that we had withdrawn from the [redacted] so that anything which is done now would have to be passed upon by the [redacted] officials. However, I did point out to [redacted] the possibility that the Immigration authorities might not let [redacted] receive this package at Greenbrier. He stated that he would call the Immigration people in this regard. In response to his inquiry as to whether the Express people would stop the shipment, I stated that I would take the matter up with them.

In regard to the second point, I told [redacted] that I saw no reason why the trunks should not be sent to [redacted] and [redacted] stated that he would arrange to see that the contents were checked before the trunks arrived at Mr. Babes' home.
